PROFESSIONAL SUMMARY

Highly motivated and versatile BCA student at Chandigarh University with one year of hands-on experience in UI/UX design, web development, and data analytics through freelance projects, academic coursework, and virtual internships. Proficient in Java, Python, C++, and JavaScript, with strong command of HTML, CSS, ReactJS, and database management using SQL and DBMS. Demonstrated expertise in UI/UX design through multiple mobile app projects in Figma. Completed a virtual internship with Deloitte in data analytics. Proven leadership as Class Representative and Department Spokesperson.

TECHNICAL SKILLS

Programming Languages: Java, Python, C++, JavaScript

Web Development: HTML, CSS, ReactJS

Tools & Platforms: Tableau, DBMS, SQL, UI/UX Design (Figma)

Other Skills: Cybersecurity Basics, Digital Marketing

Soft Skills: Leadership, Teamwork, Communication, Quick Learner

EDUCATION

Bachelor of Computer Applications (BCA) — Chandigarh University, Mohali, Punjab (2022–2025)

12th Grade – BSEB Board — Janki Devi Senior Secondary School, Vaishali, Bihar (2020–2022)

10th Grade – CBSE Board — Bhagwat Vidyapeeth, Chhapra, Bihar (2018)

EXPERIENCE

UI/UX Designer — Freelance / Self-Initiated Projects

Aug 2024 – Aug 2025

- Designed multiple end-to-end mobile applications using Figma, including food delivery, nutrition tracking, and educational platforms.
- Delivered complete design workflows: user personas, wireframes, high-fidelity mockups, and interactive prototypes.
- Focused on user-friendly navigation, real-time features (chat, video), offline capabilities, and responsive mobile layouts.
- Developed design systems with consistent typography, iconography, and component libraries.
- Collaborated with peers using Figma for real-time design iterations and feedback integration.

Virtual Internship – Data Analytics Job Simulation

Deloitte (Remote)

- Completed tasks on data cleaning, analysis, and business strategy simulation.
- Created dashboards and visual insights using Tableau and Excel.

Class Representative & Department Spokesperson

Chandigarh University

- Acted as communication bridge between faculty and students.
- Coordinated academic and extracurricular activities.

PROJECTS

Live Projects

maifeelthefabric.com — E-commerce / fabric retail website — UI/UX design and front-end development.

younggoat.in — Brand/lifestyle web presence — responsive design and web development.

newsyaar.com — News portal — UI design, layout architecture, and front-end implementation.

kaanwaladoctor.com — Healthcare service platform — user-centric UI/UX design and development.

Blood Donation Website

Built using HTML, CSS, and JavaScript to connect donors and recipients. Integrated search and registration functionalities.

Healthcare Management System

Developed a front-end interface for managing healthcare services using HTML, CSS, and JavaScript for responsive design.

SmartSafe — HackFest 2025

Presented an IoT-based automobile safety system at HackFest 2025. Focused on emergency alert mechanisms and accident detection.

Mobile App UI Design – FoodFleet & Meal Tracker

Designed end-to-end UI for a food delivery and nutrition tracking app using Figma. Delivered complete user flows including onboarding, food browsing, cart management, and analytics dashboards.

Mobile App UI/UX – User-Centric App Prototype

Designed a complete mobile app prototype in Figma with onboarding, authentication, settings, and messaging features. Focused on intuitive navigation, accessibility, and light/dark mode compatibility.

CERTIFICATIONS

- ReactJS – Infosys Springboard
- Network Fundamentals – Infosys Springboard
- Introduction to Cyber Attacks – Coursera
- Advertising with Meta – Coursera
- Fundamentals of Social Media Advertising – Coursera

PERSONAL DETAILS

- Date of Birth: 01/03/2003
- Nationality: Indian | Gender: Male
- Languages Known: English, Hindi
- Interests: Cricket, Football, Traveling, Cooking, Fitness
